FAMILY
FORWARD 

vision and values for your home

Use this treasure box and coins as you learn about and live out your family values. We encourage you to focus on one value each month using the Family Values Calendar in the free Family Forward kit.

Available at the HomePointe Center or homepointe.org/familyforward

IDEAS FOR USING YOUR TREASURE BOX

Empty the treasure box at the beginning of each month. Use coins for one of the following ideas or come up with your own:

- *Use the treasure box for the entire family: Every time you see someone in your home live out that value, give them a coin to put in the treasure box. When your box is full of coins, celebrate with a fun family treat (ex: family movie night, ice cream, etc.).*
- *Use the treasure box for each child in your home: Parents, fill your child's treasure box with coins when you "catch" them living out the specific value each month. At the end of the month, celebrate the ways they have lived out that value.*
